

Actis Technologies ties up with Sanyo India

Expands dealer network for leading Audio Visual and Environment Control solutions

Mumbai, June 20, 2007

- Actis to assist Sanyo in targeting the audio visual market
- Joins hands to develop audio visual solutions market in India
- To tap the growing Projector and LCD TV market in India

Actis Technologies Pvt. Ltd, the leading audio visual and environment control solutions provider in India announced its partnership with Sanyo India private ltd (a 100% subsidiary of SANYO Electric Co. Ltd. the global giant with interests in Consumer electronics, energy & commercial products. With this tie up Actis plans to strengthen its foot hold in the audio visual solutions market and boost its channel business in India.

Actis is a pioneer in designing holistic audio visual and environment control solutions for corporates, government, the educational sector and high net worth individuals. This pact will help Actis provide its end consumer a wider and comprehensive audio visual offering comprising high end projectors & LCD TV.

As a result of the booming economy & rising income levels, projectors & flat panel displays are fast becoming an integral part of enterprises, educational institutes, government & residences.

Abhimanyu Gupta, Director, Actis Technologies Pvt Ltd said, "This tie up is of strategic importance to our long term growth and will strengthen our leadership position in the audio visual market. Sanyo is a global leader in electronics and this association will help us meet the increasing demand for Projectors and LCD TVs."

Speaking on the tie up Mr. Mohana Bharat, Business Head, CCTV, Projectors & batteries Business, Sanyo India Pvt Ltd commented, "Our alliance with ACTIS will be a win-win relationship in which Actis will benefit from world class products of SANYO and SANYO will benefit from the channels and AV system integration business of Actis. Also the rapid growth in the Projector and LCD TV market in India offers a great opportunity to us."
